- > **Recovery of files from deleted and corrupted volumes.** Hetman Uneraser will recover photos from deleted, formatted and damaged

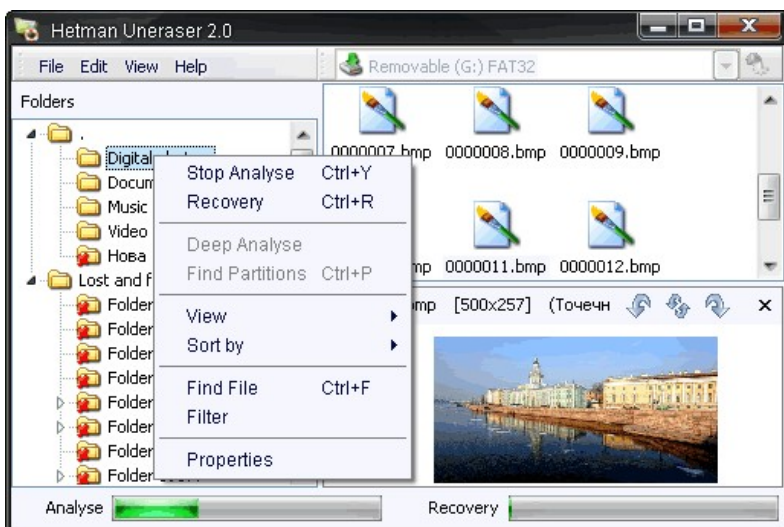

Recovers Data with Ease

It only takes a few mouse clicks to launch the **recovery process**. A simple wizard asks a few easy questions such as "Which of these disks to recover?" and "Where to store recovered files and folders?" After you specify the disk to look for files and folders, **File Recovery Tool** does everything else completely automatically. When the disk scan is complete, you'll have the option of browsing, filtering, reviewing and previewing files it discovers. **Saving recoverable files** is possible on any type of media, including another hard drive, CD/DVD, or even an FTP server.

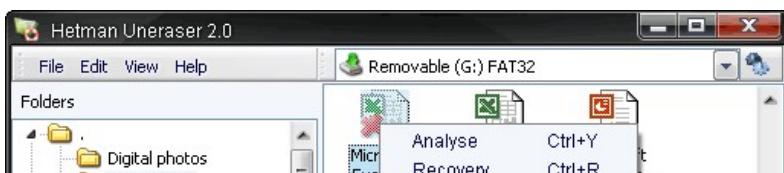

Guaranteed Data Recovery

The free evaluation version of Data Recovery Program comes with free pre-recovery preview. **If a preview of a deleted file is displayed, its recovery is 100% guaranteed!**

Recovers All Types of Files

Hetman Uneraser can **recover any file** and recover all types of data from healthy, damaged, and inaccessible media. However, if your files are documents, emails, pictures, archives, or multimedia, a special algorithm is used to take the recovery to entirely new level. **Sophisticated data recovery algorithms** scan the entire surface of the disk being recovered in order to locate files of supported types by reading and analyzing information from their headers. This allows recovering your most important data even if the disk is formatted, badly damaged, inaccessible, or half-destroyed.

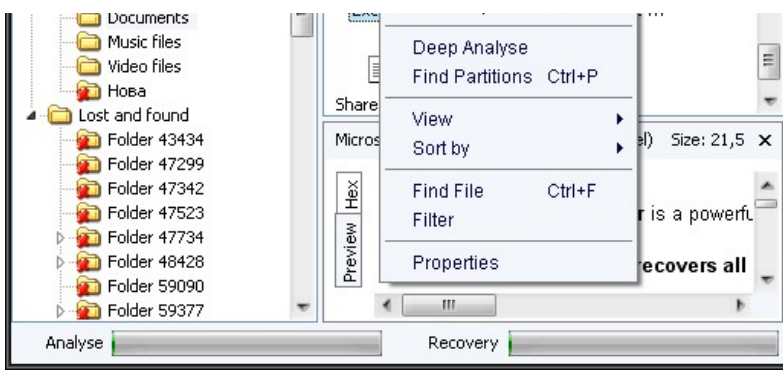

volumes on HDD/USB drive and flash cards. It will recover files that were damaged after power failures, hardware and software crashes, virus attacks.

Supports All Versions of Windows.

The **file recovery tool** is fully operational under Microsoft Windows 95 / 98 / Me / NT / 2000 / XP / 2003 / Vista.

Supports All Windows File Systems.

The data recovery program can recover data from all types of VFAT, FAT12 / 16 / 32, NTFS / NTFS4 / NTFS5 media.

If you are seeking an easy to use and powerful file recovery tool, consider it found!
